

# Making Pasta with Mamma Caterina: Part 1

Mamma Caterina shows us how she makes pasta the old fashioned way- by hand!  
I love watching the passion she puts into this- every step of the way, as I captured her at Gradisca Ristorante in the heart of the West Village.  
Every few months she comes from Bologna to make pasta for her Son's restaurant.  
I look forward to watching her turn this pasta into Ravioli, Tortellini, Pappardelle, and more.  
Stay tuned!
